[Verse 1:]

Light As A Feather  
When I'm Floatin Through  
Readin Through The Daily News  
Measuring The Hurt Within The Golden Rule,  
Centimetres Of Ether I'm Heatin The Speaker  
Motivational Teacher With Words That Burn People  
Seeing The Headlines Lined With Discord  
It's Either Genocide, All The Planet In Uproar  
Never Good But Rules Of Paradise Are Never Nice  
The Best Laid Plan Of Mice And Men Are Never Right  
I'm Just A Vagabond With Flowers For Algernon  
The Average Joe Who Knows What The Fuck Is Goin On  
It's The Hope Of My Thoughts That I Travelled Upon  
Fly Like An Arrow Of God Until I'm Gone

[Chorus:]

So I'm Driftin Away Like A Feather In Air  
Lettin My Words Take Me Away From The Hurt And  
Despair  
So I'm Keepin It Vertical Forever Elevator  
Ridin The Escalator To The Somethin That Is Greater  
So I'm Driftin Away Like A Feather In Air  
Lettin My Soul Take Me Away From The Hurt And  
Despair  
So I'm Keepin It Vertical Forever Elevator  
Ridin The Escalator To The Somethin That Is Greater

[Verse 2:]

Taking Chances  
Word Tap Dancing With Wolves  
In An Ice Arena Out There, Deep In The Woods Of  
Arizona  
The Sun Be High, Life's Ironic  
Aint Tryin To Be Talib When I Write  
Surreal Life I Paint It Vivid Habitat Crazy Insane  
Watch The Propaganda 6 O'clock News That Are Saying  
Cultures Clash For Black Folk And White Trash  
They Revel In The Cyberspace That Might Crash  
Dash To Millineum A Million Miles Of Runnin  
At The Speed Of Now Back Don't Return Gunnin  
Rambo Style Gunho Child Gunnin

Ammo Blao Two Times Loud Stunnin  
Stunnin When I Hit Ya Lift You Off The Earth Like  
Ayo Take You Right Back To Birth  
And Niggaz Wonder Why They Might Wonder Why  
This Shit Might Happen But It Does, They Go

[Chorus:]

Driftin Away Like A Feather In Air  
Lettin My Words Take Me Away From The Hurt And  
Despair  
So I'm Keepin It Vertical Forever Elevator  
Ridin The Escalator To The Somethin That Is Greater  
So I'm Driftin Away Like A Feather In Air  
Lettin My Soul Take Me Away From The Hurt And  
Despair  
So I'm Keepin It Vertical Forever Elevator  
Ridin The Escalator To The Somethin That Is Greater

[Verse 3:]

Treat You Better Than Me  
Because That's The Heavenly Key  
To Unlock The Inner Strength  
Where My Essence Will Be  
It's The Knowledge Of Self  
Understanding Of The Things Around Me  
That Becomes The Wisdom That I Need  
Living This Life To The Best Of My Ability  
Channelling Energy To My Thoughts Into Your  
Symmetry  
Remember Me Because My Clothes Remain Gold  
I Got The Gift Of Gab Like Them Pimps In Kangols  
It Never Ends I Keep It Rulin Like A Cypher  
The First Caveman Bringin Fire  
Innovating And Higher To Blast Mistakes I Raise The  
Stakes  
It's Double Or Nothing In This Vaccum-Less Space  
I Will Survive, Divine The Time To Cry Fuck A Hold Or  
Hide I'm Alive With Pride  
And I Drove The Chevy To The Levy  
But The Levy Was Dry Singin "This Will Be The Day That  
I Die"
