When the rain runs down your window
And you can't hold back your tears
And you're so afraid to be alone
You know I'm always right here

You cry lonely, and I come runnin?
I come to your rescue, I'll chase your blues away
You cry lonely, but you don't really want me
And I won't be there one of these days

You always say your heart is breakin?
Then you hear the wolf outside your door
I know you, you just use me
Till you don't need me anymore
You cry lonely, and I come runnin?
I come to your rescue, I'll chase your blues away
You cry lonely, but you don't really want me
And I won't be there one of these days

Someday when you know you really love me
You're gonna cry my name, and I'll be gone

You cry lonely, and I come runnin?
I come to your rescue, I'll chase your blues away
You cry lonely, but you don't really want me
And I won't be there one of these days

I won't be there
When you cry my name
I won't be there
When you cry my name
