Got no place to go but there's a girl waiting for me  
down in Mexico  
She got a bottle of tequila a bottle of gin if I bring a  
little music I can fit right in  
We got airplane rides, we got California drowning out  
the window side  
We got big black cars, and we got stories how we slept  
with all the movie stars  
I may  
Take a holiday in Spain,  
Leave my wings behind me  
Drink my worries down the drain,  
Fly away to somewhere new  
Hop on my chew chew  
I'll Be your engine driver in a bunny suit  
If you dress me up in pink and white  
We may be just a little fuzzy 'bout it late at night  
Well she my angel, she's a little better than the one that  
used to be with me  
Cause she liked to scream at me  
Man it's a miracle that she's not living up in a tree  
I may take a holiday in Spain  
Leave my wings behind me  
Drive this little girl insane  
Fly away to somewhere new  
Now everybody's gone they left the television  
screamin' that the radio's on  
But somebody stole my shoes  
But there's a couple of bananas and a bottles of booze  
Oh  
Happy new years baby we can probly fix it if we clean it  
up all day  
We can simply pack our bags and catch a plane to  
Barcelona  
Cause the city's a drag  
I may take a holiday in Spain  
Leave my wings behind me  
Flush my worries down the drain  
And fly away to somewhere new  
Fly away to somewhere new  
Take her heart or take her to Spain

Leave my wings behind me drive this little girl insane  
Fly away to somewhere new  
Fly away to somewhere new  
Fly away to somewhere new
