The Devil's dungeon has trapped inside  
Your cynical thoughts of death  
Endless suspicion, driven solely  
To trouble your knowledge of release  
Twisting and turning I'm urging  
Questioned oppression that you deplore  
Searching for answers, there are none in store  
All leading to reasons of when you will die  
Soundless hysteria echoes so loudly  
Through channels of your brain  
Shredding your lucidity  
Caused by the constant driving crave  
Seeking and searching you look for the key  
Too clever, so never will you be free  
Harassing and haunting

Excision of mercy, all ceasing of soundness  
Confounded you lose  
The foolishness of yourself has found you  
Locked up in a cage  
Discretion of your brain  
Has left you knowledgeable of your Age  
You know not yourself, you know not existence  
Your insight on life is unknown  
You trouble yourself with Theory of Death  
Inversion in you has shown  
Your mind is in pieces, your conscience is dead  
Your activities are restrained  
You've hounded yourself with Theory of Death  
You've driven yourself insane
