A-ha, yeah, a-ha, yeah
Yeah, Ooh
In the dark, in the dark of night
I am wide, I am wide awake
Thinkin' bout all the things we said in anger (hey hey)
How you looked when you slammed the door
How I felt when you walked away
And I'd give everything I have if you stay (you stay)
You stay (You stay)
It cuts deeper that you know
I can't go on like this
(Chorus)
Don't care who's wrong or right
Don't care too much for pride
The love between us is
All that matters (whoah whoah)
Won't you come back to me
We'll work it out somehow
Oh, can't you see that it's
All that matters now
And the tears, of so many years
When I think of the time we spent
And I can't seem to stop the tears from fallin' (fallin')
If I could, I would turn back time
If I could, I'd release my pain
Only so much a heart can take of
Breakin' (breakin')
Breakin (breakin')
It hurts more than you could know
I can't go on like this
(Chorus)
I miss the feeling of lying in your arms (lying in your arms)
I miss you more each moment that we're apart (we're apart)
We're apart, yeah
(Repeat chorus to fade)
