Well somebody's gonna get angry at the sound of our  
heels  
With all the clicks and clacks well that's all you'd ever  
hear about  
Movin on movin out movin on movin out  
Out of sight  
Well that's all you'd ever hear about  
It could have been us  
No no no  
It could have been us  
With all the songs in our head and the voice that's  
makin us swear  
It could have been us  
No no no  
It could have been us  
No no my hands and my hair and my feets are meeting  
me there  
It's not as bad as it seems  
I killed almost everyone of us  
God kills almost everyone  
What about us  
No no no  
What about us  
Makes us the hound, you're the hen  
When your countenance is makin us ill  
Oh oh oh  
I got the phoniest stare from that full-grown givin us  
hell  
I killed almost everyone of us  
God kills almost everyone  
Get their eye on me and rightly so  
I cut the cobwebs down and made it home  
What kind of law's that anyway  
Its not as bad as it seems  
You kind of look like you got the disease  
You never know
