Dad is coming home today,  
Set it on the worlds away,  
And bet it on the world to send them all,  
Because one of them is going to save them  
When the sun comes out of the water  
Breaking down the walls, breaking down the walls  
You were breaking out of the walls

Why I dunno if I caused you pain  
You were lookin' at the stars again  
Oh help me if it's us against 'dem  
Whoa even, even if, even if it caused pain  
Even, even if, even if it caused pain

Because dad is coming home today,  
Set it on the worlds away,  
And bet it on the ones to wait 'em out  
Because one of them is going to save them  
When the sun comes out of the water  
Breaking down the walls, breaking down the walls  
You were breaking out of the walls

And I want you to know, I want you to know  
Why I dunno if I caused you pain  
You were lookin' at the stars again  
Oh help me if it's us against 'dem  
Whoa even, even if, even if it caused pain

Why I dunno if I caused you pain  
You were lookin' at the stars again  
Oh help me if it's us against 'dem  
Whoa even, even if, even if it caused pain  
Even, even if, even if it caused pain
