Rains all day
Rains all year
Here on mars
It tastes like tears

She told them all
When she was young
That her world turned
And her star burned for everyone

You're gonna feel it
You're gonna see it
You're gonna believe it
Just for one day

They shoved her in
They locked her up
She was the only one
Who'd seen the sun
There on the floor
Beneath the door
The yellow light was cutting through
Her desperate night

I wanna see it
I wanna feel it
I wanna believe it
Just for one day

They shoved her in
They locked her up
She was the only one who'd seen the sun
She told them all
When she was young
That her world turned
And her star burned for everyone

She kissed the floor
She banged on the door
She kissed the floor
She banged on the door

She kissed the floor
Banged on the door
She kissed the floor
"cause it's just for one day
