Verse-1

NV Sicc

I'm just a I'll individual, rhymin with
metaphysical..Lyrical miracles i'll leave ya folks just so
hysterical..Hopein you will fear my flow, plug me up
and hear me go..A suicidal flow that closes down the
block and steals the show..Possess a multi-purpose
searin flow to hear me dope...They fear me wrote
somthing so critical murder she wrote..So perfectly
composed it's clearly i'm raps antidote..Was born to
rock the mic just like Diddy was born to rock the
vote..And what i spoke will make you choke, and stop
and jot the quote..I write until my pen is broke and pad
is up in smoke..With all the fun i poke, it's not a joke, i'll
leave you soaked..With memories of nightmares of
suicidal folks..A dream crush known to smash ya wish
and hide ya hopes..A rap proffessor hope you cracked
ya pads to write ya notes..A pen saigon not really tring
to brag or boast..But known to post a rap that get's too
deep for shallow folks..

(chorus 2x)

Verse-2

Anotha Level

It's the incredible, mystery lifes epitomy..A nother level
is living amongst of history..The penmanship suspense
descents of men..Experience selfcomplection and i'm
intricate..Solo witness, i impulse the pulp fiction..Hope
the seconds and the minutes hourly goals is
distant..swift with anatomy tounge split perfect
symmetry..Temperature biologically lowered your
minor allergies..Feel it in the air each breath and tons
of wrists..Lungs submit longevity for P.U.N and
B.I.G..Notorious this is a warning i'm hot bruh..Lines pop
strait from the top i'll have you askin who shot ya..Life
immitates art, but life that lead thru art landed some
on top of the charts..and who decide certain rules
applied?..hearin me ultimately lead to ya, to ya, to ya..

(Chorus 4x)

(Bridge)

Verse-3

NV Sicc

I have heiroglyphic tendencies, tons of puns
silloquies...Kown to kill a beat leave you deceased if
you not feelin me..I'm who you would kill to be, NV's I'll
immunity..I'm your pusha with these words who's servin
your community..Soon to be a legend, never died so
save your eulogies..Impreganate the game, teach um
my name before they puberty..Labeled what a few could
be, doubt me if you foolish B..Life is full of funny actors
so you cats just humor me..Consumed to be, a sinister
minister preachin cruelty..Come to find out gangsta's
aint really what they assume to be..Cute to me how
youngins think a gun is what makes you a G..Until the
streets get real discreet and then they sweat
profusively..You should be, lucky i'm writing these lines
so loosely..Fornicate a beat that is sweet cause it's
seducin me..Rap predator a violaters what i choose to
be..Accused to be a wanderer because you kats are
losing me.
