Should of looked before
The I can't ignore it's loveless ness
I see a change in you
Have you met someone new
Or someone's tempt
I used to think we were in love
And that it all seemed so right then
But now I know that our love will not be the same again

(Chorus)
Who's got your love
Now that I don't have it anymore
Who's got your love
Now that I don't have it
Who's it for
(Repeat)
Who's got your love (4x)

Was it all up to me
To make our lives complete
You know that's wrong
Because it takes two souls
To fulfill the roles of love and war
What makes it right for you to think

That I was made of the heart of stone
And there are things that I would forget
Now I stand alone

(Chorus)
Who's got your love
(Who's got your love)
Now that I don't have it anymore
Who's got your love
(Who's got your love)
Now that I don't have it
Who's it for
(Repeat)
Who's got your love (4x)
(Who's got your love who's got it)

(Interval said through out the end)

(Repeat)
