I will not leave a letter nothing at all  
I'm sure you won't notice that I'm even gone  
I won't break this silence we've shared for so long  
I will be strong

I will not leave a letter nothing at all  
I'm sure you won't notice that I'm even gone  
Why did I stay here stay for so long  
When we're so far gone  
I feel so stupid taking this fall  
I should have seen it known all along  
I won't break this silence we've shared for so long  
I will be strong

[Chorus]  
What could you possibly want from me  
Can't you see I'm already gone  
Everything we thought we'd be  
I still don't feel sorry for this loss

I will not waste a moment thinking these thoughts  
Forgetting comes easy  
I never cared at all  
Hurt became hate now I'm feeling the strain  
There's just too much pain  
Falling to pieces get swept away  
Left all our pictures some to fade  
I won't break this silence we've shared for so long  
I will be strong

[Chorus]  
What could you possibly want from me  
Can't you see I'm already gone  
Everything we thought we'd be  
I still don't feel sorry for this loss

You don't have to say anything at all  
I won't stop you from walking away  
I'll do nothing at all

Sitting here I waste a day,  
While the memories fade away,

You know I expected so much more from you
