I've waited and craved for today
When the mood is up
And the crowd never stops singing.

I don't really care
If everyone stares for as long as you're there.

After the show,
I'll light your next stick yeah.
After the show,
I'm taking you home.

I've waited and craved for tonight.
I won't hurry up
Because I know this is not gonna end.
Without you I wouldn't get this far.
There's no risk, there's no downside risk
I won't take for this.

After the show,
I'll light your next stick... yeah,
After the show,
I'm taking you with me.

CHORUS:
Tonight is the height of all the brilliant things
That I want to believe in.
I want to believe in forever
That I don't want the brightest days
To change and forget.
They're the best ones
I've ever had.

After the show,
I'm taking you home.
After the show,
Taking me home

I've waited and craved for this,
There's no risk, there's no downside risk
I won't take for this.

(Repeat chorus)

Coda:

I've waited and craved for this,
There's no risk, there's no downside risk
I won't take for this.
