Flowers for you on this lovely evening
Though they have no words they share my feelings
As we walk along the avenue
Pardon me, I just can't help staring at you

As I look into those sparkling eyes
It float in the air and wonder in paradise
You give my heart a source of inspiration
Your beauty is beyond imagination

(chorus)
You are the one
The only one I desire
When we touch
When we're one you light the fire
The seasons we share
Hand in hand, there seems to be no time
Each day with you becomes a Valentine

Time must go on and so are we
Moments slip away but not the memories
One day as we look back we'll always treasure
Candle light that shines beyond forever

(chorus)
You are the one
The only one I desire
When we touch
When we're one you light the fire
The seasons we share
Hand in hand, there seems to be no time
Each day with you becomes a Valentine

(chorus)
You are the one
The only one I desire
When we touch
When we're one you light the fire
The seasons we share
Hand in hand, there seems to be no time
Each day with you becomes a Valentine

The seasons we share
Hand in hand, there seems to be no time
Each day with you becomes a Valentine

Each day you becomes... a Valentine..
