INTRO

Every Romeo has a Juliet
Wishful thinkers have their stars
Hopeless romantics each have a love song
Played on their guitars

REFRAIN

But you, you're everything
This foolish heart could ever define
Every wish, every dream, every prayer come true
I feel so blessed to call you mine

CHORUS

You're my you, even more
No one else I'll adore
You're my you, in my mind
Simply one of a kind
You're the one who never fails to brighten my day
My princess in every fairytale
You're my mornin' 'til night
Such a beautiful sight
You're my you

Your eyes, your lips
The touch of your fingertips
Promise me you'll never take them away
For as long as I exist

[Repeat REFRAIN]

Hay

[Repeat CHORUS]

AD LIB

CHORUS

You're my you, even more
No one else I'll adore
You're my you, in my mind
Simply one of a kind

You're the one who never fails to brighten my day
My princess in every fairytale
You're my mornin' 'til night
Such a beautiful sight

You're the heat of the fire in a cold winter's night
You're a raindrop in June, you're the sun
You're the one, you're my you
