Halfway to Dallas on this road tonight
Chasing the sunrise behind these bus lights
Everyone's sleeping but me and the driver

Just a few rides ago you were right here
Still smell the jasmine perfume in your hair
It's driving me crazy

Oh some times I wish I had two lives
So that one of me could be out here on this highway
And one stay with you behind

Twisting and turning I can't get no sleep
I'm missing the way you were just loving me
I'm second guessing this life that I'm living

I can't do nothing else now that you're gone
But lie here and wish you were back in my arms
Oh just look what you've done
Oh just look what you've done

I'd thought that I'd gotten good at the game
You love just for fun then you both walk away
Nobody gets hurt and you don't go no deeper

But the way you loved me last night
Has gotten into me like too much good whiskey
It's driving me out of my mind

Twisting and turning I can't get no sleep
I'm missing the way you were just loving me
I'm second guessing this life that I'm living
I can't do nothing else now that you're gone
But lie here and wish you were back in my arms
Oh just look what you've done
Oh just look what you've done

I can't do nothing else now that you're gone
But lie here and wish you were back in my arms
Oh just look what you've done
Oh just look what you've done
Oh just look what you've done

Halfway to Dallas on this road tonight
Chasing the sunrise behind these bus lights
Everyone's sleeping but me and the driver
