Crank up the music girl and put your pretty on
We've been behaving like we should for way too long
I've got a hundred dollars and I feel like getting wrong
tonight
And it'll be alright

Forget about the sad times
Baby let the bad times roll
Like the Mississippi river
Flows like you don't give a damn yeah
Come on, lets lighten our load
Let your troubles slide right off of your back
Fly by just like that
Don't it feel so good to let go
And let the bad times roll

Your lookin' way too fine to sit there on the couch
I want to show you off so let me take you out
And I know a place on the outskirts of town
Where we can get gone and get a little wrong

Lets cross over that line
Baby let the bad times roll
Like the Mississippi river
Flows like you don't give a damn yeah
Come on, lets lighten our load
Let your troubles slide right off of your back
Fly by just like that
Don't it feel so good to let go
And let the bad times roll

Like a hell bent tire on an open road
Like a storm all out of control
Come on, come on, come on and let the bad times roll

Let the bad times roll
Like the Mississippi river
Flows like you don't give a damn yeah
Come on, lets lighten our load
Let your troubles slide right off of your back
Fly by just like that
Don't it feel so good to let go

Girl it feels so good to let go
And let the bad times roll

Yeah the bad times roll
The bad times roll
