Remember When It Meant Something!
Everything just fell into place
Surrounded by the action
Stuck in the moment.
Oh the moment It just feels like the right place,
And this means everything
And this is everything
And this means everything
To
Us.

And it's so much for before politics and contracts
I never knew it could feel like this.
When words mean something
And are straight from the heart,

I never knew it could feel like this
Remember when it meant something,
To us.

And I'll play with my heart
And scream out my thoughts
I never knew it could feel like this
And it's not what you have
It's not what you've got
But it's what you can do with it.

And I'll play with my heart
Scream out my thoughts
Play with my heart scream out my words
Play with my heart scream out my thoughts
