I thought I told you this wasn't going to work out right

It's frustrating to say the least

Well I'm the lion and your mouse

It's not functioning, it's not functioning

We talk rhythms and move in moments

I guess I'm falling out of touch

I guess I'm falling out of reach

You are falling away from me

And I'm pretty sure

I think I mentioned how bad I think we'd fall

Well I'm a jerk

And you don't communicate

No, lets just say we have changed

This is a failure in communications

Radio is down

I've lost connection

Not getting through well

Am I getting through, to you

And I'm pretty sure I think I mentioned

How bad I think we'd fail

Well I'm a jerk

And you don't communicate

No, lets just say we have changed

This is a failure in communication

Radio is down

I've lost connection not getting through.
