We build walls, We build castles  
I'll pick up the slack  
I've done it for so many before

I'm not a martyr  
No, I'm not saying that at all  
But what are friends for  
For when you fall  
You drop the line  
I'll pick it up  
When you stumble, when you fall  
And I don't mind. No I don't mind  
I just wish I had a friend from time to time

And oh I don't mind at all, and to my friends  
I can't express this feeling I get when  
I can't express this feeling  
What are friends for,  
Yah what are they for?  
What my friends taught me mean everything to me
