How can we translate these signals,  
When this reception with these phone lines are ruining  
everything?

When these phone lines, they ruin everything,  
And when these pyramid falls, I'll be falling too.

When everything falls apart, I might as well just fall  
apart.

Tear the picture right from the frame.

My legs are growing shakier by the minute and there is  
nothing I can do.

Time changes everything, including me and you.

And don't come crying to me, when your foundation  
separates

And the glue that held us together wasn't working for  
me.
