Do do do do...

I always like to be

On my P's and Q's

I don't want to miss something

Nice that I can do for you

I know you love me

The way I, ohh

But something inside of me

Keeps saying do more

Do more, do more if you can

I got news for you

Good news for, oh

I'm gonna be sweeter to you

Than I was yesterday

You call me your

Sugar and spice man

Your everything nice man

But I'm just trying to

Give you half as much

As you've given me

And I, I don't doubt myself

I know I'm doing my jo  
But I believe I can squeeze  
A little bit more love  
Out of this old heart  
I know you love me  
The way I, ohh  
But something inside of me  
Keeps saying do more  
Do more, do more if you can  
I got news for you  
Good news for, oh  
I'm gonna be much sweeter  
To you than I was yesterday  
I got news for you  
Good news for, oh  
I'm gonna be sweeter to you  
Than I was yesterday
