[Verse]

I'm feeling good tonight chilling in my Vickie's Secrets,
Ain't going out tonight, think I'm going to keep it at
home,

Not alone because I called over my girlfriends (well at
least all of my best friends)

So we put the record on (Alright)

Got our pajamas on (Alright)

We put some make up on got to make sure that our
face is looking right

Got to have the snacks on (deck),

Is everything in order? (check)

Got the boys on speed dial think I'm going to have me
some fun.(

[Chorus]

I'm staying in the house tonight,

I'm cool on going out

I'ma have a slumber party

So if you, you want to chill tonight

It's cool with me I'm down, I'm down

[Verse]

To

Act a fool with my girl we're going to paint our toes,
And brush our hair cause you know how big girls are
suppose to

Got to keep our persona hot even though were home,
And get ready to party the boys are on the phone.

(Hello?)

So we put the record on (alright),

Got our pajamas on (alright)

We put some make up on got to make sure that our
face is looking right

So we change the record up for sure

So that we can hype it up some more
(and maybe play some slow jams)
Cause the boys have arrived we're going to have us
some fun, fun, fun

[Chorus]

I'm staying in the house tonight,
I'm cool on going out
I'ma have a slumber party
So if you, you want to chill tonight
It's cool with me uh uh let's go ow!
