I better let you know, it's time for you to go
You're gonna break my heart
I better let you know, it's time for you to go
You're gonna break my heart

I better let you know, it's time for you to go
You're gonna break my heart
I better let you know, it's time for you to go
You're gonna break my heart

I better let you know, it's time for you to go
You're gonna break my heart
I better let you know, it's time for you to go
You're gonna break my heart
