I heard a whisper on my radio
But I paid no mind
I just sat back and I let it go
To catch the rain from a lonely waterfall
But I might beware
'Cos they could drown me like a doll

They got me running in and out of time
I feel like a Bona Fide
Keeper of the right and wrong
And I've known all along, but let me just make it clear

Everybody's gone for quick, sure fire solution
But faith in any god is gonna bury us all
No-one's gonna fight in a ten-bob revolution
Have faith in what you've got and it will carry us all
Carry us all

I slip my skin as the prophets reappear
But I pay no mind
I'm just trying to persevere
With the sins I have to shake from me within

Though I might beware
'Cos they're just trying to wear me thin

They got me running in and out of time
I feel like a Bona Fide
Keeper of the right and wrong
And I've known all along, but let me just make it clear

Everybody's gone for quick, sure fire solution
But faith in any god is gonna bury us all
No-one's gonna fight in a ten-bob revolution
Have faith in what you've got and it will carry us all
Carry us all

Everybody's gone for quick, sure fire solution
But faith in any god is gonna bury us all
No-one's gonna fight in a ten-bob revolution
Have faith in what you've got and it will carry us all
Carry us all

Carry us all
