Green Eye

What a delight it is

To see people around you

Happy, very happy

What a delight it is

To fly like a bee, free in the sky

To touch the Green Eye

What a delight it is

To walk on the rain

Clouds are your umbrellas

What a delight it is

To catch the last train,

In your brain, no crash, no steen*

What a delight it is

To burn your skin in winter

at Dubai side sea

To swallow the yellow creamy tea

What a delight it is

To sit around the fire, in a desert

To count flashes green eyes, looking

At the lovely green light coming from the sky

What a delight it is

To catch that light, to swim in it

To swallow a cup full of it, then

Run fast, very fast as a tiger has to be!
