How does it feel like, to wake up in the sun.  
How does it feel like, to shine on everyone.  
How does it feel like, to let fovever be.  
How does it feel like, to spend a little lifetime sitting in  
the gutter.  
Scream out sympathy.

How does it feel like, to sail on the breeze.  
How does it feel like, to spend a little lifetime sitting in  
the gutter.  
Scream out sympathy.

How does it feel like, to make it happening.  
How does it feel like, to breathe with everything.

How does it feel like, to let forever be.  
How does it feel like, to spend a little lifetime sitting in  
the gutter.  
Scream out sympathy.

How does it feel like, to be a Cristophe (!?)  
How does it feel like, to spend a little lifetime sitting in  
the gutter.  
Scream out sympathy.
