There's nothing you can say
I know exactly where I'm going
You said there was no way
That I could go with out you knowing
There's nothing you can say
I know exactly where I'm going
You said there was no way
That I could go with out you knowing
That I could go with out you knowing
That I could go with out you knowing

Just you wait and see
I will get what I have come for
So don't try telling me
I couldn't give
Just you wait and see
I will get what I have come for
So don't try to tell me

Cause I will show you all the way

There's nothing you can say
I know exactly where I'm going
You said there was no way
That I could go with out you knowing

Just you wait and see
I will get what I have come for
So don't try telling me
I couldn't given you a lot more
Just you wait and see
I will get what I have come for
So don't try to tell me
Cause I will show you all the way
