Say something shout it from the rooftops off your head
Make it sort of mean something make me understand
Or I'll forget
The people here on lifes beaches
They wish upon the waves that hide the sand
Let them know that life theaches you
To build a castle in your hand
Maybe the songs that we sing are wrong
Maybe the dreams that we dream are gone
Bring it on home and it won't be long
It's getting better man!

Hey! what was that you said to me?
Just say the word and I'd be free?
And when the stars are shining bright
We're getting better man!

And crashing in upon a wave
It's calling out beyond the grave
And we're the fire in the sky
We're getting better man!

Build something, build a better place and call it home
Even if it means nothing you'll never ever feel that your
alone

Cos maybe the songs that we sing are wrong
Maybe the dreams that we dream are gone
Bring it on home and it won't be long
It's getting better man!

Hey! what was that you said to me?
Just say the word and I'd be free?
Yeah as the fire in the sky
It's getting better man!

And crashing in upon a wave
It's calling out beyond the grave
And when the stars are shining bright
It's getting better man!

It's getting better man!

And what was that you said to me?
You told me one day I'd be free
And when the fire's burning bright
I'm getting better man!

And crashing in upon a wave

It's calling out beyond the grave
And when the stars are in the sky
We're getting better man

We're getting better man,
We're getting better man,
We're getting better man,
We're getting better man,
We're getting better man,

We're getting better man,
We're getting better man,
We're getting better man,
We're getting better man,
We're getting better man,

We're getting better man,
We're getting better man,
We're getting better man,
We're getting better man,

We're getting better man,
We're getting better man,
We're getting better man,
We're getting better man,

We're getting better man,
We're getting better man,
We're getting better man,
We're getting better man,

We're getting better man,
We're getting better man,
We're getting better man,
We're getting better man,

We're getting better man,
We're getting better man,
We're getting better man,
We're getting better man,

We're getting better man,
We're getting better man,

We're getting better man,
We're getting better man.!!!
