PASS ME DOWN THE WINE

Will you pass me down the wine ?  
Its getting near that time  
What you got tomorrow?  
Only pain and sorrow  
Will you dance for me tonight  
I promise I wont bite  
Lets go and see the sun burst  
Wait till i go NUMB first  
CHORUS:

And in the morning come to us  
And if the evening showers us  
Sing to Us  
Will you break it down for me  
Coz what will be will be  
I can hear the thunder  
Gonna stop the hunger  
CHORUS:

And in the morning come to us  
And if the evening showers us  
Sing to Us  
BRIDGE:

To all my sisters  
Yeh you're looking really fine  
Yo all my brothers  
Bet you're feeling kinda high  
To all the mothers  
Well come on now don't be shy  
To all the fathers  
Who are sick and fucking tired

(Liam Screeching break)
