Oh, when the sunshine beckons to you
And your wings begin to unfold
The thoughts you bring and the songs you sing
Are gonna keep me from the cold

And if the soul is hidden among ya
And it's words may rule my soul
You can fill me up with what you got
'Cause my heart's meant to keep it cold

She is love, and her ways are high and steep
She is love, and I believe her when she speaks
Love, and her ways are high and steep
She is love, and I believe I do believe her when she speaks

You read all my thoughts of passion
And the dreams of my delight
Whatever stirs my mottled frame
Well you keep it warm at night

I don't know where you come from
And no I haven't got a clue
All I know is I'm in love
With someone who loves me too

She is love, and her ways are high and steep
She is love, and I believe her when she speaks
Love, and her ways are high and steep
She is love, and I believe I do believe her when she speaks

She is love, and her ways are high and steep
She is love, and I believe her when she speaks
She is love, and her ways are high and steep
She is love, and I believe I do believe her when she speaks

I do believe her when she speaks
I do believe her when she speaks
I do believe her when she speaks
