I'm all over my hearts desire  
I feel cold, but i'm back in the fire  
Out of control, but i'm tied up tight  
Come in, Come out, Tonight

Im coming up in the early morning  
I feel love in the shock of the lightning  
I fall into the blinding light  
Come in, Come out, Come in, Come out,  
Tonight

Love is a time machine  
Up on the silver screen  
Its all in my mind  
Love is a litany  
A magical mystery  
And all in good time  
And all in good time  
And all in good time  
And all in good time.....

I got my feet on the street but i cant stop flying  
My heads in the clouds but at least im trying  
Im outta control, but im tied up tight  
Come in, Come out  
Tonight

There's a hole in the ground into which i'm falling  
So god speak to the sound of the pounding  
Im all into the blinding light  
Come in, come out, Come in, Come out,  
Tonight

Love is a time machine  
Up on the silver screen  
Its all in my mind  
Love is a litany  
A magical mystery  
And all in good time  
And all in good time  
And all in good time

And all in good time.....

Its all in my mind  
Love is a time machine  
and all in good time  
and all in good time  
and all in good time  
and all in good time
