"Shock Of The Lightning"

I'm all over my heart's desire
I feel cold but I'm back in the fire
Out of control but I'm tied up tight
Come in, come out tonight

Coming up in the early morning,
I feel love in the shock of the lightning,
I fall into the blinding light,
Come in, come out, come in, come out tonight

Love is a time machine
Up on the silver screen
It's all in my mind
Love is a litany
A magical mystery
And all in good time and all in good time
And all in good time

I got my feet on the street but I can't stop flyin
My head is in the clouds but at least I'm tryin
I'm out of control but I'm tied up tight
Come in, come out tonight

There's a hole in the ground into which I'm fallin
So God's speed to the sound of the poundin
I'm all into the blinding light
Come in, come out, come in, come out tonight

Love is a time machine
Up on the silver screen
It's all in my mind
Love is a litany
A magical mystery
And all in good time, and all in good time
And all in good time

It's all in my mind
Love is a time machine
Up on the silver screen
And all in good time, and all in good time
And all in good time
