One way out is all you're ever gonna get from
Those who'll hand them out don't never let it upset you
'Cos they'll put words into your mouths
They're making you feel so ashamed that

They're making it takin' the blame
They're making it cold in the night
They're making me question your my heart and your
soul
And I think that it's not quite right

Hey stay young and invincible 'cos we know just what
we are
And come what may we're unstoppable 'cos we know
just what we are
Yeah we know just what we are, and we know just what
we are

Feed your head with all the things you need when
you're hungry and
Stay in bed and sleep all day as long as it's Sunday
Because they'll put words into my mouth
They're making you feel so ashamed

They're making it takin' the blame
They're making it cold in the night
They're making me question my heart and my soul
And I think that it's not quite right

Hey stay young and invincible 'cos we know just what
we are
And come what may we're unstoppable 'cos we know
just what we are
Yeah we know just what we are, yeah we know just what
we are come on

Hey stay young and invincible 'cos we know just what
we are
And come what may we're unstoppable 'cos we know
just what we are
Hey stay young and invincible 'cos we know just what
we are

And come what make my face unshakeable 'cos we
know just what we are

'Cos we know just what we are 'cos we know just what
we are

'Cos we know just what we are 'cos we know just what
we are

Know just what we are, know just what we are

Know just what we are, know just what we are
