One way out, is all you're ever gonna get from
Those who'll hand it out
Don't ever let it upset ya
'Cos they'll put words into your mouths

Cos they're making you feel so ashamed,
They're making you take all the blame,
They're making you cold in the night,
They're making you question your heart and your soul
And I think that it's not quite right

Hey! Stay young and invincible
'Cos we know just what we are, and
Come what may were unstoppable
'Cos we know just what we are
Yeah we know just what we are
Yeah we know just what we are

Feed your head with all the things
You need when you're hungry
And stay in bed and sleep all day
As long as it's sunny
'Cos they'll put words into my mouth

They're making me feel so ashamed,
They're making me take all the blamed,
They're making me cold in the night,
They're making me question my heart and my soul
And I think that it's not quite right

Hey! Stay young and invincible
'Cos we know just what we are, and
Come what may were unstoppable
'Cos we know just what we are
Yeah we know just what we are
Yeah we know just what we are
C'mon

Hey! Stay young and invincible
'Cos we know just what we are, and
Come, what may were unstoppable

'Cos we know just what we are

Hey! Stay young and invincible

'Cos we know just what we are

And come, what may my fate's unshakeable

'Cos we know just what we are

'Cos we know just what we are

'Cos we know just what we are

'Cos we know just what we are

'Cos we know just what we are

Know just what we are

Know just what we are

Know just what we are

Know just what we are
