Day's turning to night
Pray for the light
Let me come through
Let me take you way over the line

Everyone falling, everyone falling
Dreamers come crawling
Neighbors jump walling

Let me come through
Let me take you way over the line
Over the line, over the line, over the line
We're away to be where there's life
Shake the will to comply

Fears don't try me
Tears don't cry me
And we're away to be where there's life

When we come, call out
Everything's sold out, TV just closed down
There's nothing on the news now

Fears don't try me
Tears don't cry me
And we're away to be where there's life
Be where there's life, be where there's life
Be where there's life

Dig out your soul 'cause here we go
We gotta move, it's what we do
Let me come through, let me take you
Away to be where there's life, be where there's life
Be where there's life

Take you over the light
Under the signs
In through locked doors to secret floors
Where we've lost 'em before
