I don't know what it is that makes me feel alive  
I don't know how to wake the things that sleep inside  
I only wanna see the light that shines behind your eyes

I hope that i can say the things i wish i'd said  
To sing my soul to sleep and take me back to bed  
You want to be alone when we can be alive instead

Because we need each other  
We believe in one another  
And i know we're gonna uncover what's sleepin' in our  
soul  
Because we need each other  
We believe in one another  
And i know we're gonna uncover what's sleepin' in our  
soul  
What's sleepin' in our soul

There are many things that i would like to know  
And there are many places that i wish to go  
But everything's depending on the way the wind may  
blow

Repeat verse 1  
Repeat chorus  
Cause' we belive x4, Because we need x2
