Two, three, four

You know that feeling you get
You feel you're older than time
You ain't exactly sure
If you've been away a while

Do you keep the receipts
For the friends that you buy?
And ain't it bittersweet
You're only just getting by

But I hope you know
That it won't let go
It sticks around with you
Until the day you die

And I hope you know
That it's touch and go
I hope the tears don't stain
The world that waits outside

Where did it all go wrong?

And until you've repaid
The dreams you bought for your lies
You'll be cast away
Alone under stormy skies, alone under stormy skies

But I hope you know
That it won't let go
It sticks around with you
Until the day you die

And I hope you know
That it's touch and go
I hope the tears don't stain
The world that waits outside

Where did it all go wrong?

But I hope you know

That it won't let go
It sticks around with you
Until the day you die

And I hope you know
That it's touch and go
I hope the tears don't stain
The world that waits outside

And I hope you know
That it won't let go
It sticks around with you
Until the day you die

And I hope you know
That it's touch and go
I hope the tears don't stain
The world that waits outside

Where did it all go wrong?
