No i wont,  
Let you down,  
Hate to say your surrounded by clowns.

Looks to me,  
They've had their day,  
Think its time you came out and played,

Wont you say, its time that you came out and played,  
Wont you say, its time that you came out and played.

Lets get out of our minds,  
Wont waste your time,  
Give it a try,  
I wont waste your time.

No i wont,  
Let you down,  
Hate to say your surrounded by clowns.

Looks to me,  
They've had their day,

Think its time that you came out and played.

Wont you say, Its time that you came out and played,  
Wont you say, Its time that you came out and played,

Lets get out of our minds,  
Dont waste your time,  
Give it a try,  
Open your mind.

(BREAK)

Wont let you down,  
Dont let me down,  
Wont let you down,  
I wont let you down.
