Every man determined his definition of realness

Surprise motherfuckers

I ain't got time for lies, niggaz frontin' like they lyin'

Nigga ya not tough, decease the bluff
These streets is too heated up for you to front

Be who you wanna be but let it be fat dog
We'll never let a nigga tell you how you should act dog
Specially when you fuckin' wit' automatic gats dog

These niggaz ain't playin', I'm sayin', I'm sprayin'
I do my dirty work wit' my hands, I'm a man
Layin' a nigga down he advance
You fuckin' wit' my plans, I'm lookin' for the truth

Look in my eyes
Sayin' there's a love I can hate
'Cuz it's a thin line, walk around wit' my chest out
Like I got 9 lives, never will get to your strap
Before I find mine, wonder what the future is like, look
in my eyes

Look in my eyes
Real Gs anticipate
They got to have mine, all the hoes shoppin' me out
Say it's all about time, niggaz never open they mouth
'Cuz they know my kind, find it hard to figure me out,
look in my eyes

Look in my eyes

Now when Obie's up to bat, they asked Obie
How you cope wit' dat, cope esthetically man, I Kobe
Bryant rap
I'm so defiant that the lungs uninviting my rhyme
I swear I'm outta my mind sometimes

Out on the grind, my kind
Nickel and dime, niggaz we ain't rich yet
We on the corner wit' a 40 and a biscuit
Ready for bitch shit, heavy drinkin', we ain't got good

My hood so tense, niggaz so dense
I see through the life you invent
Slow up on how you niggaz vent
You niggaz ain't representin' shit

I represent school crowd killas, Detroit nigga, my nigga

The realest, exploit niggaz, my nigga what
What's the point in avoidin' your feelin's?
You niggaz fillas, you drillas, you a lyrics

Real life experiences, Eminem gave the clearance
So I here to show you niggaz brilliance
Build it, shady marine, no civilian
O Trice you fuckin' wit' a real one

Look in my eyes
Sayin' there's a love I can hate
'Cuz it's a thin line, walk around wit' my chest out
Like I got 9 lives, never will get to your strap
Before I find mine, wonder what the future is like, look
in my eyes

Look in my eyes
Real Gs anticipate
They got to have mine, all the hoes shoppin' me out
Say it's all about time, niggaz never open they mouth
'Cuz they know my kind, find it hard to figure me out,
look in my eyes

Look in my eyes
This is what the streets done to me, hungry, gun on me
Hopes high only keep change up community
Give it up in unity, raise future mes
You look in my eyes that's the dream Obie see

Man it seems, it's as easy as the rhyme Obie brings
But my eye shows things intervene

All the in betweens like losin' my team
Losin' my freedom, losin' my mind and the being

The being, I'm a being
Graduated from rights of beings to obedience
Congratulated on life's irenes on your biatch
I done came to far to go backwards, my aim too
extreme for y'all

Look in my eyes
Sayin' there's a love I can hate
'Cuz it's a thin line, walk around wit' my chest out
Like I got 9 lives, never will get to your strap
Before I find mine, wonder what the future is like, look
in my eyes

Look in my eyes
Real Gs anticipate
They got to have mine, all the hoes shoppin' me out
Say it's all about time, niggaz never open they mouth
'Cuz they know my kind, find it hard to figure me out,
look in my eyes

Look in my eyes man
It ain't shit but real talk over here nigga
I would never send you elsewhere

I got hair on my nuts nigga
Grown man shit
That's how a nigga get into clubs nigga
When I ain't got no ID

Flash my nuts on they ass
They walk me right in nigga
