Black light, flash before my eyes, my dreams are  
fading  
Life of decay, odious visions of the past  
I feel a storm crawling through my skin

Death, your shades are waiting

Exit life, enter night

Life has vanished before my eyes  
I can feel the end of all days  
Time is dying, stops to dwell  
Black light, exit life

Blurred my view, blackened my sight  
Night is my father, daylight has died  
A sun, that has set forever engulfs my burning soul  
Gloom and mist have swallowed my mind  
Death be my host, I await your salvation

Exit life, enter night

Black light, flash before my eyes, my dreams are  
fading  
Night is my father, daylight has died  
A sun, that has set forever engulfs my burning soul

Gloom and mist have swallowed my mind  
Death be my host, I await your salvation  
Exit life, enter night
