

## Obscura "Intoxicated"

Visit "[Intoxicated](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Intoxicated by the human filth  
Constipated my lungs, the cancer grows  
Contempt; scorn! Despise!  
Furious raging in anger, the fucking head explodes

War!  
Hate anthem!  
War against all!  
Hate anthem!  
Destroy 'em all!

Ingrowing hate has scorched my thoughts  
Humankind, you are terminal case  
Destruction; ruin! Dash! Wreck!

Destroy this fucking world!

Intoxicated

War!  
Hate anthem!  
War against all!  
Hate anthem!  
Destroy 'em all!

Contaminated my heart, my mind my soul  
Sealed my veins by distaste  
But soon all the anger of this world  
Waits to be unleashed by my fist!

Humankind - you are terminal case!
