

## Obsessed "Forever Midnight"

Visit "[Forever Midnight](#)" on MotoLyrics.com

Breathe in  
Breathe in the life we bleed  
A sure sin  
But then that's your living creed  
Hold on  
Nothing matters to you anyway  
So long...  
Living  
You never try to hide your pain  
Giving  
It's so hard in our chains  
So long  
I've got to take the blame  
Hold on...  
Dreaming of everything we left behind  
Grieving  
What would you change a second time  
Hope's gone  
When nothing matters anymore  
It's so long  
Forever... in our souls... midnight
