Thinkin' about it, I'm confused
Can't do without it, I've been used
Judge man baby he's makin' it clear
Mother freedom are you there
Rollin', lookin' for the answer it's not there
Keep rollin'
Keep lookin' for the answer
Lookin' ahead now, I can't run
All the men try to hand me a gun
All the people talkin' baby I don't care
Mother freedom are you there
Rollin', lookin' for an answer it's not there
Keep rollin'
Keep lookin' for the answer
Lookin' at you man, I feel sad
Had a lot of things you never had
When you run from yourself
And tell me those lies
You can't look at me brother, in my eyes
Rollin', lookin' for the answer it's not there
Keep rollin'
Keep lookin' for the answer
