I got no answers  
Just got many reasons  
Can't hide  
From this inner treason  
This life will quickly make you so cold  
When I put that bottle to my lips  
It sucks out my soul, yeah yeah  
Brother Darkness did I do you so wrong  
Can't wait to take  
What helps me live on  
I share your empty pain  
And I'm sorry you see  
I got not time for no helpless apathy  
My love is like a lone jackal's cry  
Teardrops on my grave  
The way that she fly  
Standing there with your head in the sky  
We see the world  
Through two different sets of eyes  
Deceiving others is easy you'll find  
Lies to yourself will be your very first crime  
My love is like a lone jackal's cry  
Teardrops on my grave  
The way that she fly
