

Obsessed "Touch Of Everything"

Is it a privilege or is it just a lie
But the power you feel you can't deny
Is it fate or just a cold heart?
Did I win the race or was it just a false start?
Did I make your mind hard?
Did I make you warm? Caught a glimpse of
My being
Yeah, we showed you the storm, everyone's
Different
I want to taste it all, and I really don't
Think that's so wrong
I need a touch of everything
We've lost touch with everything
It might not be long girl, or it might
Be a year
The time that I give you, it's always
Precious and dear
I want to make you feel good, inside this
Cold world's scene
Cause living day to day gets downright
Obscene
I need a touch of everything
We've lost touch with everything
I could not say this, except in a song
I need a touch of everything
Is that so wrong?
