I dream of a place that's hedged with roses  
With a man in the middle, don't talk in riddles  
You get hung on every single word

Some call it high, some call it low  
I hear about things they don't want to know

But the truth is still a valuable thing  
Don't get caught with your pants down baby  
This world the criminal sing  
There is another world waiting

But anyone can tell  
Anyone can tell  
Anyone can tell that I'm not lying

You can hide your face  
Pull it into shades  
'Cause you can't escape the lie forever

I dream of a place that's overrun by children  
And the Lord is in the kitchen  
Do your work and you'll get your rewards

'Cause what you are is all that really matters  
What is left you can easily scatter

On the ground a head covered in mud  
Don't step on my principles, baby  
In spite of what you have done  
One day you will have the wisdom

I will tell you  
Everything straight  
(Anyone can tell that I'm not lying)

You can hide your face  
You can change your shape  
'Cause you can escape the lie forever

Anyone can tell  
Anyone can tell
