Ice will melt, water will boil  
You and I can shake of this mortal coil  
It's bigger than us  
You don't have to worry about it

Ready or not, here comes the drop  
You feel lucky when you know where you are  
You know it's gonna come true  
Here in your arms I remember

It's only natural  
That I should want to be there with you  
It's only natural  
That you should feel the same way too

It's easy when you don't try going on first impressions  
Man in a cage has made his confession now  
You've seen me at my worst  
And it won't be the last time I'm down there

I want you to know I feel completely at ease  
Read me like a book that's fallen down  
Between your knees, please  
Let me have my way with you

It's only natural  
That I should want to be there with you  
It's only natural  
That you should feel the same way too  
It's circumstantial, it's nothing written in the sky  
And we don't even have to try

But we'll be shaking like mud, buildings of glass  
Sink in to the bay, they'll be under the rocks again  
You don't have to say I know you're afraid

It's only natural  
That I should want to be there with you  
It's only natural  
That you should feel the same way too

It's circumstantial

It's something I was born to  
It's only natural  
Can I help it if I want to  
Can I help it if I want to
