Detective is flat
No longer is always flat out
Got the number of getaway car
Didn't get very far

As lucid as hell and these images
Movin' so fast like a fever
So close to the bone
I don't feel too well

And if you choose to take that path
I will play you like a shark
And I'll clutch at your heart
I'll come flying like a spark to inflame you

Sleeping alone for pleasure
The pineapple head it spins and it spins
Like a number I hold don't remember
If she was my friend it was a long time ago

And if you choose to take that path
I will play you like a shark
And I'll clutch at your heart
Come flying like a spark to inflame you

Sleeping alone for pleasure
The pineapple head it spins and it spins
Like a number I hold don't remember
If she was my friend it was a long time ago

And if you choose to take that path
Would you come to make me pay?
I will play you like a shark
And I'll clutch at your heart
I'll come flying like a spark to inflame you

I'll clutch at your heart
And come flying like a spark to inflame you
