Visit "[Shadows Come Alive](#)" on MotoLyrics.com

Times of wrath and fear
Times of hate reigns forever
Worthless life shall cease
Crush the weak mortal sickness

Shadows come alive
Morbid apocalyptic dreams
Shadows come alive
Dirft towards oblivion

Feel the pain increase
Feel the death grow stronger
Doomed in flames of hell
Mortal race soon forgotten
Shadows come alive
Morbid apocalyptic dreams
Shadows come alive
Dirft towards oblivion

Desperate cries of pain
Winds of death sweeps the landscapes
Worthless life disease
Crush the weak mental sickness

Shadows come alive
Morbid apocalyptic dreams
Shadows come alive
Dirft towards oblivion
