Wait for me
Say you will
Patiently
Be there still

Be my one,
be my orange sun
In the rain.
Be my sage,
be my pilot through
All the rage

Wait for me
we're saving years
A day of ours will be
worth ten of theirs

Be my lungs
when I buried deep
In the sea.
Be my plan
say we'll all make out
In the end
And do it again, and again, and again

Be my lungs
when I'm buried deep
on the page.
Be my plan
say we'll all be fine
on the stage
and be my scene
be the side of me
that's all the rage.
Be my one
be my orange sun.
